

Program of Classical Music Offered by Ensemble, Brass

During college hour today the Hartnell music department will present the Concert Ensemble and Brass Choir in the Little Theatre.

Marion Howells, sophomore, will be featured in a cello solo. She will play Siciliano, from "Cavalleria Rusticana," opera, by Mascagni, and the "Intermezzo" from the same opera. Other numbers by the ensemble will include "Prelude and Fugue in D Minor," by Handel; "Deep Purple," by De Rose. Pianist Kathleen Cline will perform Mozart's Concerto 11, accompanied by the ensemble.

As a finale to the concert, the brass group will do "Two Trumpet Tunes and Ayre," by Purcell; and "Bouree and Minuet," from Fireworks Music by Handel.

Members of the ensemble include Lorell McCann, director; John McKea, violinist; Miss Howells, cellist; David Satre, bass; Michael Rega, clarinet; and Lorene Keltner, pianist.

The brass quintet will include David Satre, first trumpet; Beth Juri, second trumpet; Jud Davidson, trombone; Roger Bergam, euphonium; Tom Preston, bass; with Robert Lee as director.

MARION HOWELLS

Seven District High Schools To Visit Hartnell During May

The large vacant halls make for much confusion. The deathly silence of the classes make a chill run up and down the spines of the new invaders. Hartnell will be visited by these invaders during May. These are the high school seniors from the Hartnell College District interested in attending Hartnell in the fall semester.

Seven Schools Visit

Seven high schools will be roaming the campus on different dates during this month. The Hartnell student body will present each school with a program which will include a welcome by Dr. J. F. Ching and Mr. Stuart Dufour. The music department will perform with numbers from the Brass Choir, Jazz Quartet, the String Ensemble, and the Madrigal Singers.

Placement Exams Taken

Gonzales High School was the first to visit, on May 2. Palma High School, Salinas, visited Hartnell on Wednesday, May 4. The seniors took their English Placement Tests in the Little Theatre. Gilroy High School from Gilroy will tour the campus on Wednesday, May 11. Gilroy students will take the English Placement Test in the afternoon in the Little Theatre. Wednesday, May 18, Hartnell will be overrun by the visiting schools, as two high schools will visit that day. They are Live Oak High School from Morgan Hill and King City High School from King City.

North Salinas will visit on May 25. On that day, in the after-

noon, the library will be closed to Hartnell students as seniors will be taking their English Placement Test there. The same procedure will be followed on May 31 when Salinas High School tours the Hartnell campus.

On days of visitation all classes will be open for the students to visit except where exams are to be given.

Student Store Plans Transfer To New Location

Mrs. Monnie Finney, Hartnell Student Store manager, announced that she and her staff plan on moving into the new campus store around late May or early June.

The new location of the store is in the student union. This makes it more convenient for the students to come in and browse around and see what the student store has to offer.

More stress will be put on expanding the store supply of paperback books to enhance every area of knowledge. With this idea the store will bring the best in literature at the cheapest possible cost.

It should be understood that this bookstore is owned and controlled by the student body. The students cannot lose if there is any profit made by the store as it goes back into the student body fund.

Literary Magazine Is Available Soon

A new attraction in the literary field has been added to the Hartnell campus. The campus literary magazine, entitled "The Seed," will be on sale in approximately three weeks.

"The Seed" will be comprised of poetry, short stories, essays, and literary criticisms. All mate-

Hartnell's Festival of Arts Series to Begin Tonight

The second series in the "Hartnell Presents" program on education and entertainment combines four events exploring the painting, music and drama of the Renaissance.

The first event of the Festival of Arts will be held in the library tonight at 8. Mr.

Charles Lindstrom, curator and director of education at the M. H. de Young Museum in San Francisco, will present a lecture on "The Renaissance in Painting."

A practicing artist, Mr. Lindstrom was graduated summa cum laude from the Stanford School of Fine Arts in 1932. Since 1947 the museum curator has been on the faculty of University of California Extension Division, lecturing on art history and such courses as "Contemporary Art and Contemporary Thinking."

De Bergerac Instead

A last minute change of events substitutes a film, "Cyrano de Bergerac," for the "Caviare to the General" production of the New Vic Players scheduled for May 13 as part of the festival. The film replacement stems from the play of French author Edmond Rostand who made the story of

the long-nosed poet one of the most popular of the last century.

Hartnell drama instructor, Mr. Hal Ulrici, will introduce the movie starring Jose Ferrer and Mala Powers.

Everyone is invited without charge to the showing in the Little Theatre on campus at 8:30 Friday night, May 13.

Evening of Music

The third presentation will be "Music of the Renaissance," in the Little Theatre on Friday evening, May 20.

A program of music, co-ordi-

nated and directed by Mr. Vahe Aslanian, will provide examples of three forms of musical expression which have gradually fallen into rarity.

A member of the Hartnell faculty since 1950, Mr. Aslanian took sabbatical leave for study in Italy last year. He is a graduate of Boston University, holds a master's degree from Claremont College, and has worked with the Berkshire Music Center at Tanglewood, Mass.

Playhouse Finale

The final offering of Renaissance arts brings one of the Shakespearean favorites to the Hartnell stage May 26 to 28 in the Little Theatre at 8:30. "Taming of the Shrew" is the familiar story of Kate and the man who tamed her. The cast is made up of students and members of the community. Director of the playhouse since he joined the staff 11 years ago, Mr. Ulrici has produced 60 major plays, keeping a balance between classical and contemporary.

Holding two degrees from the College of Pacific, Mr. Ulrici has devoted his career to acting and its instruction. He is a regional director of the National Thespian Society and a member of Delta Psi Omega, national drama fraternity and the American National Theater Association.

Averages Posted

Hartnell students transferring to the University of California had the highest academic achievement average of the 2,491 junior college transfers listed by UC for 1958-59. The average was 2.59, according to Mr. Karl Bengtson, dean of admissions.

Hartnell had 11 transfers to the UC campuses when the survey was made. The grade-point average for all junior college transfers ranged from 1.54 to 2.59 with none higher than Hartnell's average.

These same students had averaged 3.07 at Hartnell, a differential of minus .48 at UC. For all JC transfers at UC the average was 2.27, a differential of minus .61.

New Rodeo Club Visits Poly Royal

Five cars, loaded with approximately 20 Rodeo Club members, left last Friday to go to Cal Poly for the Poly Royal celebration.

It was open house at Cal Poly will all the buildings being searched through by the visitors. Each section of the college had its own displays, which were made by the students.

People came from as far east as Nevada, north as far as Canada, and as far south as Arizona.

When everybody arrived Friday night they started participating in all the activities, some of which were the carnival and the Dixieland dance.

On Saturday, people could be seen wandering through the buildings and looking at all the demonstrations until 2 p.m. at which time, everybody ran for a seat at the rodeo. During the evening two dances were in full swing, one a formal and the other a western.

ial is composed by Hartnell students. The "Seed" will sell for 25 cents and will contain 40 pages.

The proceeds from the sale of "Seed" will go to the financing of next year's edition. This is the first year the "Seed" has been attempted and if a success it will become a yearly magazine.

Adviser for the "Seed" is Miss Eleanor Perry. Technical advisers are Mr. Ed Lucas, Miss Janet Stearn and Mr. Paul Johnson.

Working under the leadership of Tom Alderson, editor, to make the "Seed" a success are Jim Maloney, Larry Heer, John Fitzpatrick, Roger Jones and Renee Smith.

Associated Students Plan Hawaiian Outing

Going native in the best Hawaiian tradition is the aim for the May 21 luau being planned by the Associated Men Students and Associated Women Students, with Chuck Allen and Sue Patton as co-chairmen. May 16 is the

deadline for ticket purchases (50 cents per person) which entitle the buyer to participate in the food and festivities as well as a vote for King Luau.

Gregg "Emu" Sanchez, an island import, is chief chef of the 300-pound pig, with Judy Lucas, Kathy Cottrell, Connie Sauret, Sue Tolan, Richard Breen, Mike Micheletti, Jim Stireman, John Milam, Larry Sterling and Charles Dudley as his co-workers. In addition to the entree, the food committee has arranged to serve both sweet and white potatoes, salad, fresh pineapple and other tidbits with an Hawaiian flavor. The refreshment stand will be the responsibility of Pat Bardo.

King to Be Named

The King Luau contest, under the chairmanship of Sue Tolan, will be between Bill McGroady, John Batistich, II, Greg Sanchez, LeRoy Miller and Mike Michel-

etti. His Majesty will be crowned on the day of the luau.

Dress calls for muumuu, sarongs, beach pants and congo shirts. Entertainment will also be in keeping with the theme, Kirk Young chairmanning this phase of the activities.

Committees Listed

Ticket sales are being handled by chairman Gary Hudson and may be purchased at the Student Finance Office window in the Student Union. Other committee appointments include Florenz Rabe, Renee Smith and Bob Grossman on publicity. Faculty member Henry Cassady is coordinating arrangements with advisors for the event.

Rio del Mar Beach will be the setting for the Saturday-long festivities, which will start at 12 noon.

Existentialism Is Subject for Talk

Next student-faculty discussion will be May 6, on the subject of "Existentialism," which is the understanding that each man exists as an individual in a purposeless universe, and that he must oppose his hostile environment through the exercise of his free will.

Mr. Emil Ramos will serve as moderator in keeping the discussion at a smooth pace.

On the discussion panel will be Tom Alderson, Mike Pritchard, and Dan Edwards.

The student-faculty discussion will be held at 3:10 p.m. in the Student Union.

Editorial

Trip Is Definite

It's all set! The football trip to Orange Coast College in Costa Mesa on October 1 and 2 to face the Orange Coast Pirates is definite. Faithful rooters will leave from Hartnell about 5 a.m. on Saturday by chartered Greyhound.

This trip is estimated to cost about \$25 per person. This amount would include transportation to and from Orange Coast, visit to Disneyland, stay at a well-known hotel, admission to the game and the after-game dance.

Students who go on the sojourn will arrive in Hollywood around 1 p.m., barring delays, and will check in at their hotel.

Afterwards the group will have dinner at a restaurant which has not been chosen yet. After a leisurely dinner, the rooters will go en masse to the Orange Coast Stadium. Following the game, which should be a good one, an after-game dance will be sponsored by Orange Coast.

Sunday Sojourn

On Sunday the group will arise early for breakfast, followed by an all-day visit in Disneyland. Sunday night the tired but very happy victors (?) will once more see the sights of Salinas.

There is a list at present in the main office for students who wish to sign up. Students who are undecided should not sign as this list is to give an estimate of the number of people who definitely will go.

This trip, which will take place during Hartnell's fortieth year of existence, is a result of the effort exerted by the newly elected commissioner of rallies and assemblies, Paul Rauscher.

Any of these trips would well be worth the nominal cost, so students should start saving their money for the fun-filled week end next fall during football season.

EDITOR'S MAILBOX

Dear Mr. Editor:

Several days ago, I had the dubious pleasure of reviewing Hartnell College's first literary magazine. I was shocked. SEED indeed! For what? A garden of non-conforming, despairing pagans?

I don't want to set myself up as a judge of literature—I actually know very little about it. But I'm sure that the poetry that I've read (Tennyson, Wordsworth, Guest) has never challenged God. Poetry is a heavenly expression, designed to spread the word and truth to all intelligent people.

Short stories, I suppose, are

fine. I occasionally read a few good ones in the Post. But I've never read one so blood-curdling as (I don't want to mention names) the one about human destruction.

But I think the most severe shock came to me when I read (pardon my laughter) that jazz is an expression of anger, or can be (this is almost unprintable) analogous to the sexual act.

I want to advise any fellow Christians, for their own good, not to read the SEED of hell and despair!

Signed: Anirate Lover of Culture and God

What's in a Name? . . . Healthy chortle coming out of Room 4 recently was caused by a faux pas by Miss Rothrock who addressed Jim Finegold as Mr. Goldfine. "I just knew some day I'd do that," laughed Miss R. "You may call me Miss Rockruth if you wish."

An Open Letter to "Dear Abby": The other day John Battistich, II, and Mike O'Connell asked yours truly for an unbiased opinion as to how long it would take a girl to get dressed for the prom. Inasmuch as my prom daze was beyond the stretch of my memory, said, "Oh, coupla hours." Mike turned to John, "See, I told ya. Two hours is plenty of notice." To which John nodded . . . and the two walked off in utter delight that they could wait until two hours before the prom to decide! Abby, how can I explain that they didn't allot me enough time to think this out thoroughly? Two weeks is more like it, huh?

Wonderful Project with Darlene Harris as chairman. Tapes are being made of textbooks for the use of the blind. This is one more way that Hartnell students have of lending a helping hand, and another credit to the Roy Phelps projects.

It's in the Wind that Albuquerque may claim another Hartnellite. Since Coach Ken Blue's

Front Row, Center

By Judy Wong

Dearie, Do You Remember . . .

Ah, how time flies . . . and with each passing day passes another set of memories of our most happy days (?) . . . in just about a month or so a lot of us will be leaving Hartnell to continue our lives down various paths. Some will start their jobs and careers, others will march down a long aisle, and the rest will either become millionaires or go on to higher education and learn more about this silly world.

As I sit here in this little forsaken office pounding on a machine that is going to give out any minute, I begin to think back over the past two years and truthfully, I admit, it has never been a dull moment. I can remember how unenthusiastic I was when I first came to the college . . . oh well, we're all entitled to a few mistakes.

Yes, do you remember . . . those warm fall days when amidst the chatter and smoke in the Student Union, a low croaking voice said, "Topsy, Part I," and remember that wild fashion show the championship team of '58 staged . . . I can still see Carl Bergeron in that bikini outfit guaranteed to make every girl the belle of the beach . . . and how about handsome Hal Turner in those red and white baby dolls and that intriguing black wired wig . . . and Gary Harris nabbing the title of "Miss Sweater Girl of 1958" to the tune of the many low whistles he drew from the crowd . . . and good ol' Jim Stireman portraying the typical American school girl (typical WOW!) . . . yes, what a rally that was . . . they just don't come that good any more.

And probably the most wonderful memory of all was that remarkable grid season that gave us the best record in the state and ranked the team third best in the whole U.S.A. . . . and remember how we smothered ol' MPC 54-0 during our Homecoming game in front of 10,000 spectators. And afterwards there was really a celebration as the whole rooting section piled onto the five huge Homecoming floats and paraded down Main Street, shouting "Rose Bowl, Rose Bowl," but the next Sunday evening found a very unpleasant event to remember . . . Santa Monica J.C. through "pull" and other channels, besides having the best team, got to play in the "bowl." The college was never the same after that, knowing that our team was the one that should have been there representing California. . . .

Yes . . . there are many more memories . . . Russ Morgan's big name band at the "Champagne Illusion" ball with a life-size bubble-blowing elephant, having itself a grand time with the dancers . . . and Frosh sponsored "Pa-

tour of scouting duty through this neck of the woods recently, Vern Horton (now at San Jose State) has been seriously considering making the New Mexico college his next stop.

Ad of the Week . . . Model "A" cab and frame, no engine, fenders, front window or trunklid. \$25 or best offer . . . Roy Youngblood.

Borrowed:

Women's faults are many;
Men have only two:
Everything they say
And everything they do.

LITTLE MAN ON CAMPUS

"YOU HAVE YOUR ASSIGNMENTS TWISTED IF—THIS IS SUPPOSED TO BE A BOTANY FIELD TRIP—NOT BIOLOGY!"

jamarino" that climaxed "Character Day." . . . The beatniks roaming the school until after a clear inspection turned out to be the carpenters working in the new library . . . the "vivimus" stronghold on the campus . . . and how about the way every single Hartnell student carried armfuls and armfuls of books from the old library to the new structure, knowing that each armful would net a cup of coffee and doughnut . . . everyone was proud of the new building . . . still are. Even though there's only a month left . . . a lot still can happen . . . we don't want just a quick "goodbye" to Hartnell . . . do we . . .

Back to Now . . .

Paul Rauscher sure is working madly to insure everyone of that wild trip down to Costa Mesa to see our team play Orange Coast next fall. The trip includes the round trip ticket, hotel accommodations, food, a side trip to Disneyland, and good, plain fun. This trip should go off like a bang but really, it's all up to you people to make it a reality . . . and don't think those trips are boring . . . they are action-packed.

Opinion Voiced On College Spirit

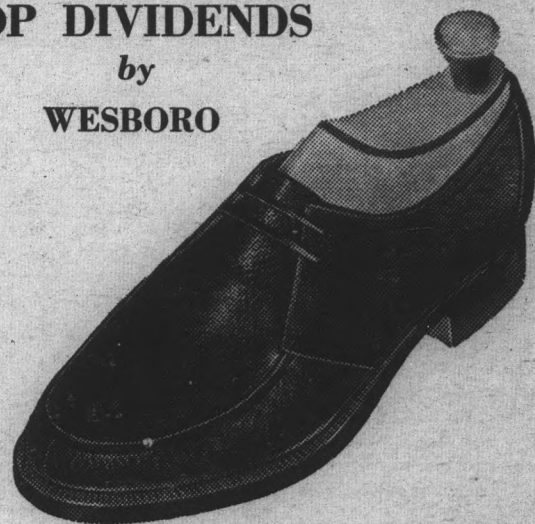

By Ron Thompson

College spirit, as it is today, is different in many ways compared to college spirit of years past. In the twenties and thirties it was "do or die" for your college, no matter what. If the football game were coming up next week, you were doing nothing but talking about it. After the game was over you talked about it for another week.

Today we haven't time to spend on matters of this nature, at least not this much time. When Hartnell has a football game, we stand behind here, but we don't go overboard and do nothing but talk about every football game we have the whole length of the season. We want to keep Hartnell's spirit as high as possible but in this age everyone is moving so fast that they can't stop for long on any one subject. Almost everybody realizes this. In short, we still have the spirit that our fathers had in college; it's just that we conserve it more.

Relative of Science Teacher Drowns off French Coast

By Jerry McFadden

Body of Conrad Limbaugh, brother-in-law of Dr. Howard Feder, Hartnell science instructor, has been found in an underground cave off the Mediterranean.

Mr. Limbaugh, a marine biologist at the Scripps Institute of Oceanography in Los Angeles, disappeared on March 20 while exploring an underground stream off the coast of France.

In Europe to accept the chairmanship of a scientific diving division of a newly formed international association, Limbaugh was exploring and photographing with a French scientist. The scientist said that he failed to surface after apparently utilizing a 40-minute oxygen tank and a 15-minute reserve tank.

Well-Known Photographer

Dr. Robert Dill, a marine geologist for the Navy Electronics Laboratory said that Limbaugh's undersea photographs are known throughout the world. He was known for his marine biological discoveries and pioneering adaptation of skindiving gear to scientific explorations. Mr. Limbaugh was also noted for numerous scientific publications on marine biology and diving and for several diving safety manuals in use today. He has lectured to diving clubs, service organizations, various colleges and other groups, and has presented papers before various scientific societies.

Last year he was presented an award for being the outstanding underwater photographer for the year. In addition he spent two seasons with Walt Disney studio photographing. The first time was off Monterey and the second time he spent five months filming in the Bahamas.

Experienced Diver

When Mr. Limbaugh began diving about 23 years ago there were no commercial face masks. The divers used coffee cans with glass cemented in with a mixture of tar and sinleed oil.

He was also considered responsible for introducing the aqualung to the United States. He perfected the aqualung and taught most of the techniques used by American divers today.

Mr. Limbaugh, who was in charge of all diving operations at Scripps, had attended Compton Junior College, Long Beach

CONRAD LIMBAUGH

City College, Whittier, Stanford and University of California at Los Angeles graduate school. He had planned several booklets on underwater photography, kelp beds, hazards to divers, and a diving instructor's manual.

Film Shown

Recently Dr. Feder showed a film to the marine biology classes which describes Mr. Limbaugh's greatest achievement in the field of science, that of the cleaning

Bids Still on Sale For Spring Prom

Beneath the soft lights and the misty echoes of the ocean breakers, students will dance to the music of the Aptos Beach Combo at the annual Spring Prom, entitled "Fantasy in Blue," presented in the Aptos Beach Inn, May 14, from 9 p.m. to 2 a.m.

Bids for this unforgettable evening have been on sale for \$6, in the Student Union Finance Office, and will continue until May 9. The price of the bids includes admission, dining and dancing at the prom.

The capacity of the Aptos Beach Inn is 250, and the committee predicts that there will be a capacity crowd.

Working under the leadership of Sue Patton, over-all chairman, to make this year's prom a truly success, are: Pat Kerns, entertainment; Tracy Alberston, bids; Virginia Hayes, decorations; and cover designer, Carrie Grader. Others helping are Kay Kezeli, Cathy Fleming, Mary Jo Sparks, Audrey Boutte, and adviser, Miss June Handley.

organisms. The film, "Marine Cleaning Organisms," describes the numerous small fishes and shrimp that clean larger fish and keep parasitic growth and fungus down. The small organisms go into the gills and mouth of the large fish to eat the parasitic growths.

East Campus News Briefs

Young Farmers and East Campus team participated in the judging contest at Cal Poly April 29 and 30.

Young Farmers teams consisted of Gus Settrini, Scott Jeffers, and Robert Pesce. On the East Campus team were David Breeding, Alylan Hansen and Mates Ceralde.

The teams were out last Tuesday at the Rodeo Grounds practicing at judging horses which they will be judging at Cal Poly. They will also be judging dairy cows as well as swine.

Sheep shearing school was held last week at the East Campus for the purpose of training the student in shearing and taking care of wool.

Sixty students took part in the

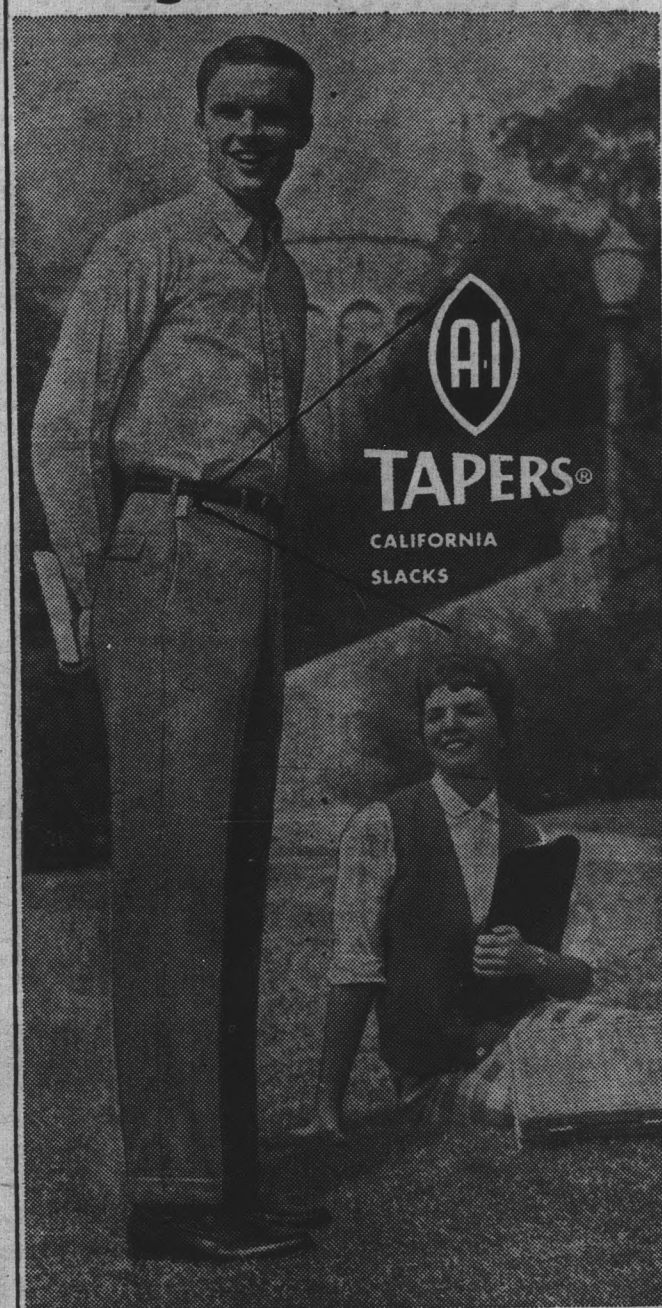

activities coming from North Salinas High, East Campus and Hollister.

Bill Elliot, a former Hartnell student and an expert sheep shearer, now going to San Jose State, came down to help assist Mr. Legro Pressley in the training and demonstrating procedure as well as giving individual instruction.

The sheep shearing school is an annual affair held for the purpose of teaching students, who are interested in sheep ranching and wool processing, the finer points of the business.

Mr. Pressley said that the school was a great success and that the participation was good.

Hart Tracksters Second in Meet

The annual Hartnell Small College Track Meet, hosted by Hartnell College, went off as scheduled, April 23. As predicted, the Monterey Lobos walked away with the top compiling points, with our own Hartnell Panthers trailing hot on their heels.

Panthers Win Over Jaguars

The Hartnell hickory-swingers took a hitfest from San Jose City College 13 to 11 last Friday in the Garden City, thereby dumping the Jaguars out of first place and bringing smiles of confidence to the local boys.

What proved to be a satisfying victory for the Panthers started out like a rout. The big city Jaguars garnered six runs in the first inning.

The local boys did not stay scared for long, managing to gather one run in the fourth and a homer by Hickox in the fifth. However, San Jose was not idle. Jaguars got two runs in the second, and two runs in the fifth—all off Vernon Kemp—to hold a 10-2 lead in the sixth inning.

"Then our boys started clicking," Coach Regli said. "A base hit by Childers brought in a run by Davidson in the sixth frame."

A homerun by Hickcox with the bases loaded brought in four runs in the eighth, followed by three additional runs in the inning. Close of the frame saw the score evened at 10-all.

The thriller was not decided until the last inning when Panther Bereman got a hit, two teammates were walked, and Schneider socked a triple to bring in three runs.

Panther pitcher Palacio, who replaced Kemp in the sixth inning, put the Jags out in the ninth without further score and the Harts had their most exciting win of the season.

Victory proved that San Jose, which used up three pitchers, is certainly not invulnerable. Even more, it proved that our boys can play good ball when they get on their game. "Now we've

At the end of the meet, as the rain began to fall, the final marks were placed on the scoreboard, which read: Monterey, 117; Hartnell, 105; Reedley, 61; Coalinga 56½; Foothill, 37; Hancock, 22½; Taft, 15; Vallejo, 15; and San Benito with 0.

Friend Wins 2-Mile

Some of the outstanding marks set by our Hartnell track squad were in the 880, when Bruce Logan came through for a first with a 2:02.7 time; Stuart Friend making a 10:13.6 time in the two-mile to place for a first. In the high jump, Jay Hawk and Jerry Wilkinson both cleared 6 feet 1 inch, for the second best height, in which Felix of Reedley cleared 6 feet 2 inches for first.

Other noticed tracksters were Gerald Slibsager, who took second in the two-mile; Andy Bulaich placing second in the shotput; Slibsager taking third in the mile; Bob Rackley sprinting in for a third place in the 440; Norm Davis placing third in the 220; and Bill Allen pole-vaulting in third place.

Due to the inclement weather, no records were broken and times were unusually slower, but as a whole, the meet was a success.

started hitting," Regli said happily. "We're watching the ball, we're getting walks instead of striking out."

With Menlo leading the league, the Panthers look ahead to their last game of the season with Vallejo tomorrow. It will begin on the local diamond at 11 a.m., and all the local cats seem confident of another victory.

Hart Track Stars To Fresno Test

Eight speedy spikesters will represent Hartnell at the West Coast Intercollegiate Relays to be held in Fresno, May 14.

Considered one of the best meets of the season, the event will bring together some of the top intercollegiate talents of the West Coast.

Tentatively scheduled for the mile relay are Bob Rackley, Norman Davies, Keith Miller and Bruce Logan.

The medley relay will be run by Davies, doing the 440; Logan, 880; Stuart Friend, 1320; and Jerry Slibsager, mile.

Also slated to compete for Hartnell are Andy Bulaich, in the discus and shotput, and Bill Allen in the pole vault.

Tennis Stars Meet at Modesto

Six Hartnell women netsters and their coach journeyed to Modesto two weeks ago to participate in the statewide college tennis tournament and try their skills against some of the best in the state. Seen here before departure are, front row, left to right, Mary Ketchel and Ann Salmon, number two doubles team; Nancy Willis, number one singles entry; back row, Mrs. Dorothy Middaugh, Beth Juri and Karen Allen, number one doubles; and Marie Closter, number two singles. Number one singles and doubles went to the third round where both were eliminated by the eventual winners from Stanford and San Jose State, respectively.

Calendar of Events

- MAY 7—Baseball game with Vallejo, here at 11 a.m.
Coast Conference Track Meet at Monterey, 1 p.m.
- MAY 9—Conference golf tournament, Salinas Golf and Country Club
- MAY 12—Student-Faculty discussion, Student Union lounge, 3 p.m.
- MAY 13—Festival of Arts film, "Cyrano de Bergerac," Little Theatre, 8 p.m.
- MAY 14—West Coast Relays at Fresno, 12:30 p.m.
Prom, 9 to 2 at Aptos Beach Inn
- MAY 21—Northern California State JC meet, here, at 1:30 p.m.

This airplane is actually a flying classroom. The course taught in it is Air Navigation, under real conditions. The students are young men who have been selected as possible future leaders of the Aerospace Team. Graduation after 32 weeks of training will win each of the students the honored silver wings of an Air Force Navigator and an Officer's Commission.

For certain young men, this training can open the way to a bright career of executive potential. Right now the Air Force is scoring impressive technological advances in the fields of navigation, guidance and tracking, electronics and radar. And here is where its highly trained and experienced Navigators will be expected to take over command positions of increasing responsibility.

To qualify for Navigator training as an Aviation Cadet, you must be between 19 and 26½—single, healthy and intelligent. And you must want to build and exciting, interesting career in the Aerospace Age. If you think you measure up, we'd like to talk to you at the nearest Air Force Recruiting Office. Or clip and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team

Don't just sit there

You'll enjoy today's copy of this publication much more if you'll get up right now and get yourself an ice-cold bottle of Coca-Cola.

(Naturally, we'd be happier, too!)

BE REALLY REFRESHED
